EMPLOYMENT TAXES

If you have employees, you are subject to income tax withholding and the social security taxes imposed under the Federal Insurance Contribution Act (FICA). You are required to withhold Federal income tax from your employee's wages and you are required to pay FICA on each employee who is paid more than \$100 in wages during a calendar year. To know how much income tax to withhold, you should have a Form W-4, Employee's Withholding Allowance Certificate, on file for each employee.

You are also liable for tax under the Federal Unemployment Tax (FUTA) for each employee you pay \$50 or more during a calendar quarter if, during the current or preceding calendar year, you had one or more employees at any time in each of 20 calendar weeks or you paid wages of \$1,500 or more in any calendar quarter.

Employment taxes are reported on Form 941, Employer's Quarterly Federal Tax Return. The requirements for withholding, depositing, reporting and paying employment taxes are explained in Circular E, Employer's Tax Guide, (Publication 15), and Employer's Supplemental Tax Guide, (Publication 15-A). These publications explain your tax responsibilities as an employer.
